

High-performance coating is slick

Developed as a dental treatment to prevent plaque buildup, Kiss-Cote technology also proved effective in preventing barnacles from sticking to boat hulls.

Kiss-Cote® is a high performance coating that provides you with an effective and affordable means of increasing speed, reducing fuel consumption, and lowering maintenance costs. It has been tested and proven effective on a variety of sail and powerboats. This non-toxic coating is easy to apply and provides a long-lasting finish. For more information, contact Kiss-Cote Inc., Sugar Pine Way, Tampa, FL 33624; phone 813/962-2703. • Circle #111 on reader service card.
